

Special Projects

Throughout the year, special projects keep the Florence Crittenton Services engine running, as companies, groups and volunteers work together to enhance the lives of our students.

Anthem Volunteer Day

A group from Anthem Blue Cross Blue Shield of Colorado, led by Florence Crittenton Services Board member Helen Drexler, spent a spring Saturday building a retaining wall, planting flowers, painting walls and doing small construction projects.

School Supplies Drive

On the first day of school the 2009-10 year, students receive backpacks filled with school supplies donated and assembled by volunteers from Lockheed Martin, PricewaterhouseCoopers, COPIC Insurance and Zachry Engineering.

Zonta's Baby Bucks Store

The Zonta Club of Denver II was nominated for a Dovia Volunteer Award for keeping the renovated Baby Bucks Store stocked with items to reward student performance, and manning the store on special occasions such as the First Day of School.

Other Special Projects

Mother's Day Gifts

The generous families of the Pax Christi Catholic Church in Littleton, through their mom's group, sponsored a Mother's Day Gift Tag project for the students at Florence Crittenton School, helping our teen moms celebrate the holiday and motherhood with special gifts just for them.

Food Baskets

The Denver Foundation funded a Food Baskets program for a second year to help students and their families struggling in the recession.
