

Tribute to Noreen Keleshian

1989-
2009

For two illustrious decades, Noreen Keleshian served at the helm of our agency. She led the way as the agency streamlined its wide variety of services to focus on our core mission, healthy teen families. She gave her heart and soul to Florence Crittenton Services of Colorado, but in late 2009, decided it was time to move on to new challenges.

All who have worked for Florence Crittenton Services of Colorado and who have been served by the Florence Crittenton School, the Early Learning Center and the Young Fathers Program appreciate Noreen's longtime commitment to helping teen parents raise healthy families. She left behind a legacy of responsiveness and caring that served successor Susan Carparelli well.

Florence Crittenton Services of Colorado wishes Noreen Keleshian success and happiness in her future endeavors.

Thank you, Patti Klinge!

Longtime Board member Patti Klinge stepped up and acted as President/CEO in late 2009, preserving the agency's forward momentum and easing the transition for new President/CEO Sue Carparelli, who came on board in January 2010. *Thank you, Patti!*
