

Message from the Chair & President/CEO

The 25th anniversary year of the Florence Crittenton School celebrated a rich, century-long history filled with transitions, each one contributing to the evolution of Florence Crittenton Services into the largest and most comprehensive provider of services to teens in Denver County.

From the Florence Crittenton Home for unwed mothers . . . to Human Services Inc. and the Teen Parent Education Network . . . to the Florence Crittenton School operated by Parent Pathways . . . our services and even our name have evolved to meet the needs of the populations we have served.

Over the past decade we have streamlined our mission to focus on teen families, and thus have settled into a name that harkens back to our earliest roots while uniting our administration and programs into a unified whole: Florence Crittenton Services of Colorado.

Change brings challenge, but at the same time, forays into the unknown contribute richly to the one thing that never changes: our tradition of empowering struggling teen families to become productive members of the community. And we couldn't do this without our corporate and individual donors, in-kind donors and outstanding volunteers!

Please take a few minutes to read this Annual Report and learn about the holistic, proven approach that makes Florence Crittenton Services unique in its ability to create cycles of success for teen families!

Regards,

Susan Carparelli
